

Affordable Housing: Tree of Life

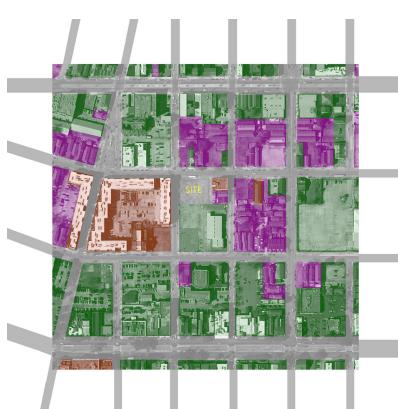

Fall 2018 / New Orleans, LA, USA / Prof. Miwako Hattori

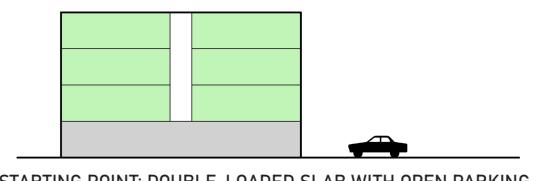

The project seeks to create needed workforce housing in the Central City neighborhood while working towards mending the area's urban fabric. The entrance to the elevated courtyard space becomes an engaging feature of the streetscape, contributing to the goal of enhancing this connection between the neighborhood's two major transit and commercial corridors.

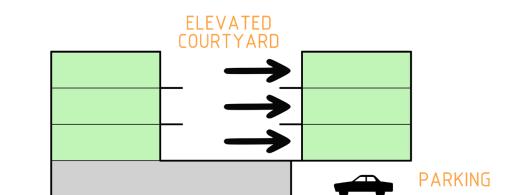

MAJOR CORRIDORS & TRANSIT
POTENTIAL FOR CONNECTION

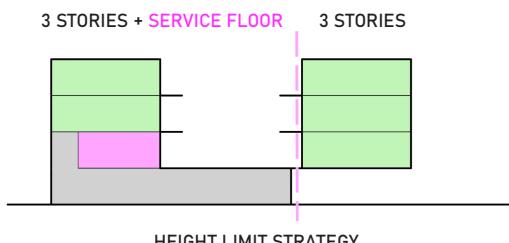

USES: SF & 2F MF MIXED/OTHER

STARTING POINT: DOUBLE-LOADED SLAB WITH OPEN PARKING

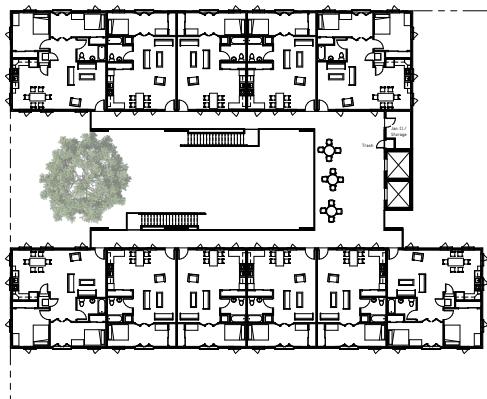

PULL APART SLAB / CREATE OUTDOOR SPACES
